

MARCIA ALVEY

Marcia Alvey, long-time member of the Workers' Compensation Section, passed away unexpectedly on November 12, 2020. Marcia was well-known to all members of the section. Many of us, maybe most of us, were positively affected by Marcia's giving nature, her voracious appetite for knowledge, her ability to share, her sense of humor, her zealous advocacy, and her dedication to her clients and the section. Marcia was a past member of the Executive Committee and past Section Chair. She co-authored the "Permanent Disabilities" chapter of the Workers' Compensation CLE. She was awarded the WC Section Professionalism Award (then known as the Douglas W. Daughtry Award of Merit) in 2007. She gave a moving key note address about her journey from Marty to Marcia at the Section's annual meeting at Salishan in May 2019.
